Experience

Web Developer Intern   July 2022 - Aug 2022
Suven Consultants

- Designed and developed the front-end of a **365 Entertainment** platform, mirroring the user interface and experience similar to **Hotstar**.
- Created the front-end for a **blogging platform**, inspired by the design and functionality of medium.com. Utilized **CSS3 animations** to enhance the visual appeal and interactivity of web templates.
- Collaborated remotely with a team to ensure seamless integration and consistent design practices.
- Leveraged **HTML5 and CSS3 technologies** to build responsive and aesthetically pleasing web interfaces.

Data Analytics Intern   July 2022 - Aug 2022
Forage

- **Successfully completed** a simulation focused on advising a client on customer targeting with the Data, Analytics & Modelling team.
- **Conducted thorough assessment** of data quality and completeness in preparation for analysis.
- **Analyzed data** to effectively target high-value customers based on demographics and attributes.
- **Developed interactive dashboards** to visually communicate findings and insights.

Projects

Portfolio Website / *JavaScript, ReactJs, Responsive Web Design*   May 2024 - June 2024

- Designed and developed a responsive website to ensure optimal viewing experience across various devices.
- Showcased projects, skills, and achievements in dedicated sections, highlighting professional expertise.
- Integrated a contact form, enabling users to easily reach out for inquiries and networking.
- Included social media links to facilitate connections and professional networking.
- Implemented customizable features, allowing easy personalization to suit individual needs and preferences.
- GitHub Repository Link: **https://github.com/shubh0433 /Portfolio**

Simon Game / *HTML, CSS, JavaScript*   Nov 2023 - Dec 2023

- Designed challenging gameplay where players repeat sequences of colors and sounds, progressing through levels of increasing difficulty.
- Enhanced user experience with unique sound effects, responsive design, and features such as score tracking and strict mode for a more engaging and interactive gaming experience.
- GitHub Repository Link: **https://github.com/shubh0433 /SimonGame**
